About Us

The sketch story of Aayam began in late 2003 with a pen thought of two class fellows, after professional qualifications to collaborate remarkably for inculcating a branding agency with a different and creative aspect. It was yet on paper, being talked, imagined and sketched and then a throwback and these class fellows emerged whole of AAYAM into existence on 26th of January 2004. All of it was cultivated in their hometown where they found the need and space for a branding agency. In the very first year of existence, we were fortunate enough to work with a fortune 500 company Reliance Ltd., branding which helped us hike our experience and confidence much stronger. And then aiming sharp towards the ladder of success, we joined hands with huge and proliferate aspects of branding new as well as established products. We have almost covered all the brandings like from oil engines, food products, coffee shops, restaurants, resorts, to health products and many more varieties.

Aayam is a juncture, where you find oceans of brilliance in the work of the masters. We believe in converting the mere thoughts into astonishing designed visuals. Aayam creates Designs, Designs portrays Culture, Culture shapes Values and Values determine the future.
