A. B. Automation

<https://www.indiamart.com/abautomation/>

We are an impressive organization engaged in manufacturing, supplying and trading an exclusive range of CNC spares and its component. These products are known for their precision work, good productivity and standardization.

About Us

Established in the year **1985**, we, “**A. B. Automation**”, have etched a remarkable name for ourselves in this domain of manufacturing, supplying and distributing **Drilling Machines, SPM Machinery** and **Lathe Machine Spares**. Fabricated using superior quality material, these products are widely accepted in several industries. These products are favored in the industry for their long lasting nature, sturdiness, energy efficiency, low maintenance and trouble free performance. With the usage of modern production facilities, we have been to supply these products in bulk quantities as well. Being an ambitious company, we have established a well-equipped manufacturing unit, which is equipped with modern machinery and latest tools. In addition to this, our auditors keep a constant vigil on the production process to ensure that it is in conformation with the international standards. We have established a separate R&D unit at our premises that keeps ourselves attuned with the on-going market trends. Due to our large production capacity, customized solutions and efficient management system, we have taken over the major markets of **East Asia** and **South East Asia**.
