We DO NOT carry illegal items. That being said if you have legal documents or a package that needs to be delivered in person, privately and confidentially, we will go to all lengths and overcome all obstacles to get it to your recipient! We specialize in the unusual, hard to deliver, private business or personal courier services. Because every job is different and requires different skill sets we do not have a flat 'one price fits all' service. Each job is examined, questions asked and then quoted.
