About Us

Established as a **Partnership** firm in the year **2019**, we “**Abhik Housewares Incorporation**” are a leading **Manufacturer** of a wide range of **Door Handle, Door Lock, Door Catches**, etc.

Abhik housewares incorporation has been started in October, 2019 .Initially, we have started the manufacturing for the magnetic catchers, door fittings, hardware's & other house hold fittings for the doors and other industrial applications. We have in mind for launch one more product which one should be like a mile stone in the terms of eco-friendly, and can be part of sustainable development. So we have launched the manufacturing for paper bag, paper envelopes & paper shopping bags with lot of type paper categories as per customer's demands. We aim to inspire the world by showing it's possible to simultaneously deliver happiness to customers, employees, vendors, shareholders, and the community in a long-term, sustainable way. We hope that in the future people won't even realize we started manufacturing bags & hardware's. Instead, they'll know “AHI” as a service company that just happens to manufacturing.

- A- Audacious (believes in taking new challenges and risks)
- H-Harmony (always ready to make combination with customer needs)
- I-innovatory (keen to launch new products)
