About Us

Established in the year **1993**, we, “**Aditya Industries**” are one of the well-known manufacturers and suppliers of different types of **Pre Engineered Building Systems and Roofing Systems**, which are extremely durable and capable of resisting adverse weather conditions. We also offer these systems at industry leading prices. Apart from offering these systems, we also render **Truss Works and Roofing Sheet Works**. Our engineers and skilled workers are engaged in rendering these services to the clients. We are a quality driven organization and aim to maintain the required standard in our products and services. Hence, we adopt quality conscious measures, to deliver flawless range of products. The distribution network of our enterprise is vast and spread across the different corners of the country. This not only helps us in timely delivering our consignments but also enable us in executing various construction and fabrication works within the stipulated time-frame. Our mentor “**Mr. Murugappan C & Mr. C. Subramani** ” are the man behind the progress of this organization. They have guided us to handle large projects and complete those within the committed time-frame. Owing to their motivation, we have established a strong foothold in this country.
