Aegua Technologies LLP

<https://www.indiamart.com/aegua-technologies/>

We are well reckoned firm involved in wholesaling and trading wide range of Drainage Products. These products are highly appreciated due to their less maintenance, high performance, longer sustainable life and affordable price range.

About Us

Aegua is a firm that has been formed by leading professionals from the Building & Construction Industry with over cumulative experience of more than 30 years. We have rich and diverse experience in the field of construction industry and have become a well known name in supplying internationally recognized products confirming to the highest standards of quality and performance. We have a comprehensive products range readily available to satisfy the construction needs related to latest technologically advanced products and systems in Plumbing & drainage/Landscape Architectural Products that are used in installation of building residential complexes, commercial buildings, schools, farmhouses, hotels and diverse Industries ranging from Pharma to Automobile. We are committed to quality and fully understand the needs of the end users.

Our constant Endeavor is to deliver to our customer the best value-added products procured from various parts of the world. The proof of this being that all the products are specified by all the major consultants throughout the world. Operating from our Head Quarters in Mumbai, with a network in Delhi, Bangalore and various Associates across India.

Under the valuable supervision of our mentor **Mr. Amit Aggarwal**, we have achieved a reputed place in the market.
