About Us

We at Aesthetic Solutions are a perfect blend of modern technology and medical expertise. We consult and suggest tailor made treatments to males and females for flawless radiant skin, healthy hair and sculpted body. We suggest best options for clients which are appropriate to their desired result and affordable. Our aim is to provide a personal touch to each client with complete safety and appropriate results. We understand that each individual is different and requires individual care. We also understand the importance of privacy of each client and that is maintained even years after the treatment.

In **Aesthetic Solutions**, we provide treatment solution for Acne and Acne Scars, Stretch marks, Face lifting and tightening, Laser hair reduction, Laser Toning, Photofacial, Birthmarks and Tattoo removal and treatment for pigmented lesions. We provide anti-aging treatment by different ways combining invasive as well as non invasive way depending on client's requirements and urgency. Fillers, Botulinum toxins, FTC Instalift threads, mesotherapy and stem cells (Condition media extract) are the treatments which are our specialties. All of our staffs are trained in chemical peels, Pigment Laser, Laser hair removal, Fractional Laser and Radio frequency therapy. Our staff is well trained and understands technology very well to provide best of each treatment to clients. We recommend to all to visit Aesthetic Solutions for a truly personalized and medically sound...
