About Us

Afra Pharma Consultant (APC) is a private limited company based in Pune, India, established in the year 2011, and is the leading provider of quality resource for the regulation of pharmaceutical products including those deemed as consumer Health and OTC. APC dedicated team is comprised of consultants with rich experience of over 8-10 years in all aspects and at all levels of regulatory affairs in worldwide markets. The services are designed to meet all of the latest regulations, helping clients to meet all of the stringent requirements of the pharmaceutical world. The company is managed by Mir Sadat Ali, who has been involved in the Regulatory Affairs industry for over 9 years in Saudi Arabia and has been there in all transit phases of regulatory changes from Ministry of Health to Saudi Food and Drug Authority to G.C.C. He has also successfully completed and worked on the projects like joint venture, technology transfer and finished products company registrations in the Middle East.

Afra Pharma Consultants has a satisfied network of clients, situated throughout the Europe, Asian countries, North Africa, GCC, Saudi Arabia and India. The company provides a comprehensive range of services, including Training, PIL, Project Management, Audits and Inspections, and Strategic Planning. Tailored to the individual client's requirements, the services are designed for Pharmaceutical Companies of all sizes. Afra Pharma Consultant strives to develop long-term...
