About Us

Founded in the year of **1991**, we "**A G Electronics**" established ourselves as a most prominent and reliable organization of the industry engaged in manufacturing and supplying a wide assortment of Speakers, Tweeters, Woofers & Amplifiers. In our product array we are offering Car Speakers, Car Tweeters and Car Amplifiers. We consider only quality approved basic material to designed and fabricate the offered collection of product. Our provided products are highly recommended by the customers for their superior quality, excellent performance and longer functional life. We are offering these products in various configurations to suit the application need of our client base.

Supported by a team of highly talented and well-trained professionals, we have been able to compile our business related operations in a highly productive manner. Our team of professionals is fully-aware with top notch technology with the utilization of the modern tools and upgraded machines available in our infrastructure unit. All offered products are designed and developed in our sophisticated production unit in tandem with the industry assorted quality norms. Moreover, we have appointed highly diligent quality professionals who stringently inspect offered products before final dispatch to our clients. Furthermore, we ensure safely delivery of the offered products.

Under the valuable assistance of our mentor **Mr. T.S. Bhasin**, we have carved this niche in this...
