<https://www.indiamart.com/agersia-apparels/>

Manufacturer of mens wear, womens wear and kids wear.

## About Us

Agersia apparels is established to fulfill the growing demands of companies and organizations that outsource their garment needs. Agersia apparels is managed by young and dynamic entrepreneurs. We have expertise, skills and infrastructure to handle apparel related projects from design concept to completion. We typically customize manufacturing to suit our customer's specifications. Sampling work is handled with sheer perfection to understand the exact expectation of the customer and utilize it as our preparation for the mass production. We employ right skilled people and provide necessary training to them. No child labor is employed by agersia apparels. We remain cost effective to be competitive in international market by updating ourselves with the latest state-of-the-art technologies. We always deliver quality garments, because we take care at each and every stage of making the garment. Our products are carefully tested to insure required quality before they leave our factory. We focus on the customer satisfaction by communicating promptly and delivering best quality products in time. products: We produce knit and woven garments for men, women and kids. We manufacture from basic garments to complex hi-fashion apparels. All our garments are manufactured only according to our client's requirements. Normal fabric varieties we cover are:- single jersey, 1x1 rib, derby, fleece, interlock, auto stripes, lycra constructions, mercerized, pique, loop...
