Manufacturer of percussion rod, diamond bar etc.

About Us

AGRAWAL ROUND ROLLING MILLS LTD. An ISO 9002 company was incorporated in 1986 under companies act 1956 as a steel rolling unit with an installed capacity of producing steel to the tune of 24000 M.T per annum. The unit is in the near vicinity of BHILAI STEEL PLANT which is 30 km away from the factory and is catering almost 100% raw-material needs of the company. The company is managed by team of technically qualified professionals headed by Mr. Mahesh Agrawal and his son Sushil Agrawal.

The company had also setup a Drill Rod Unit in the year 2000 which is producing Drill Bar/Percussion Rod/Diamond Bar (spindles for drifted drill for hydraulic drilling machine) for use in blast furnace and coal mines. Our production capacity is 2500 m.t per annum which makes us one of the largest manufacturer of steel pipes in India.

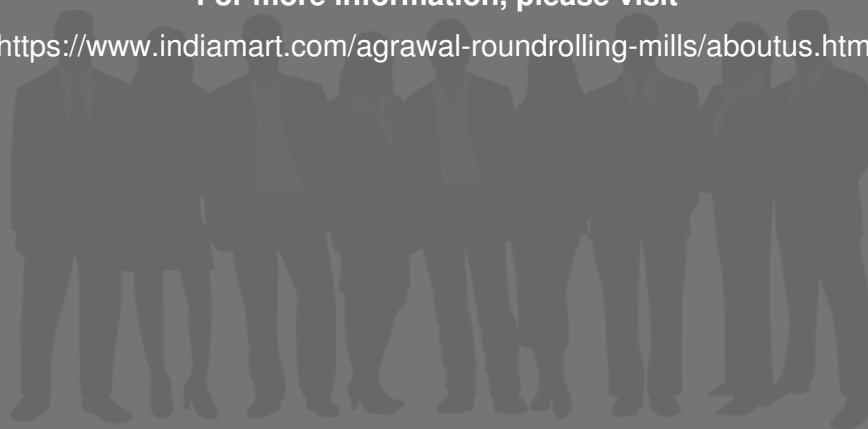

Further in 2010 the company expanded its production capacity by setting up a new rolling mill unit in the name of RAIPUR ROUND ROLLING MILLS PVT. LTD. Located at tendua khar, hirapur Raipur (C.G).

Today we are one of the biggest manufacturers of OCTAGONAL BARS and ready to use CROBARS in India under our flagship brand HIMMAT STEEL. Over a period of 25 years we have developed a mammoth range of products that makes us a one stop destination for all our customer requirements. We also specialize in custom orders based on customer demands.

The Company has a combined work force of over 150 personnel, some of whom are hired on...
