About Us

With the main aim of providing the clients the best deal in the cutthroat market scenario of the real estate industry, at Aim Properties, we are offering host of realty services at very reasonable charges. Based in Mumbai, Maharashtra, we are counted among one of the premium service providers operating in the real estate domain, well-known for offering services such as Buying Property Services, Selling Property Services, Renting Property Services and Leasing Property Services.

Incorporated in the year 2000, it's been over a decade that we are operating in the real estate domain. Over the years we have provided services benefitting many clients by providing them with profitable deals. The real estate industry is one of the most profitable industries when it comes to investing. But it is very essential to have the proper guidance of an expert while dealing in the real estate domain. At Aim Properties, we are offering reliable services and assistance for helping clients in getting the best property deals while buying, selling, renting or leasing a property. Under the effective leadership of our owner, Amin, since the incorporation of the company we have achieved great heights in the real estate industry.

We are a client centric company and providing full client satisfaction has always been the sole intention of the company. Reliable and on time services has always been our forte. We have team of dynamic professionals who work with full dedication...
