We are an ISO accredited manufacturer and exporter of a wide array of Technical Education Training Systems and School Solutions. These products are used in different colleges and institutions for educational trainings.
About Us

Established in the year 1990, we, AKADEMIKA, are one of the renowned manufacturers, suppliers and exporters of a wide range of Technical Education Training Systems and School Solutions. Our products are catered to schools, colleges and other institutions for different educational programs. Further, these products are highly appreciated for compact design, high operational features and optimum accuracy.

Empowering on our sophisticated technology and team of efficient professionals, we have been able to come out as one of the leading organizations in the industry. Due to the efforts put in by our professionals. In our endeavor to manufacture optimum products, we cordially invite the suggestions and feedback of faculty members and research fellows from colleges and other institutions. Due to our client centric policies and competitive prices, we have been able to cater huge markets situated in Indian Subcontinent, North Africa, East Asia, North Europe, Middle East, South/West Europe, South East Asia and North America. Hemant Katakkar (Director Technical) Post graduate in Physics from University of Pune with experience of more than 25 years in Technical Product Design and Development. He has developed more than 100 products with his team and they have been totally done under his guidance in his career which have been widely accepted not only in Domestic market but got the recognition in the International market.

TECHNICAL EDUCATION TRAINING SYSTEMS

Fiber Optics Trainer

Analog Communication

Controls & Instrumentation

Wireless Communication
PROCESSORS

Embedded System

DSP Trainer

Embedded Trainer
**BASIC ELECTRONIC**

- Networks and Bridges Trainer
- Power Electronics Trainer
- Electronic Circuit Simulation Software
- ADC/DAC Trainer
VLSI

Products We Offer

CPLD Trainer

FPGA Trainer

ZYNQ FPGA Trainer Board

Electronic Circuit Simulation Software
ANALOG COMMUNICATION

- Amplitude Modulation Trainer
- Amplitude Demodulation Trainer
- AM-FM Radio Receiver Kit
- AM/FM Radio Receiver, AM/FM Commercial Radio Receiver
DIGITAL COMMUNICATION

- Analog Signal Sampling and Reconstruction Kit
- PAM Time Division Multiplexing / Demultiplexing Kit
- Data Conditioning And Reconditioning Kit
- ASK-PSK-FSK Modulation And Demodulation Kit
Networks

- Network And Internet Security Simulation & Learning Resource
- Ethernet Protocol Trainer Kit
- Network Simulation And Learning Resource Software
- Network and Internet Security Trainer

Products We Offer
OTHER PRODUCTS:

- DSP Trainer
- Programmable Logic Controller Trainer
- Noise Power Spectral Density Measurement Kit
- Delta-Sigma And Adaptive Delta Modulation-Demodulation kit
