<https://www.indiamart.com/akashelectricals/>

We are involve in manufacturing, supplying & trading of Control Panels, Bus Ducts, Earthing Electrodes, Power & Motor Control Centers. In addition, we render Testing & Maintenance Service of our product to the client.

About Us

Established in the year **1996**, we, “**Akash Electricals**”, are an eminent manufacturer, supplier and trader of **Control & Power Distribution Panels, Bus Duct, Earthing Electrodes and Power & Motor Control Centers**. The range offered by us encompasses **Lighting Distribution Board, Generator Panel, Power Distribution Board, HT/LT Power Distribution, Power Distribution Transformer** and many more. These are designed and developed by a diligent team of engineers, which make use of quality-tested raw material and advanced technologies. Our products are appreciated for their easy installation and low maintenance cost. Additionally, we execute **Testing and Maintenance Services** of our products. Our team of diligent professionals put in their vast knowledge while rendering the services. Moreover, the services offered by us are widely applauded for their timely execution and reliability. We have been able to get trade memberships of **VCCI** due to the quality products offered by us. Further, we are a reputed electrical contractor approved by the **P.W.D. & I.M.P.D Govt. of Gujarat** state having more than 18-years of experience for testing, installation, commissioning and maintenance of electrical equipments like motors, starters, ht/lt power & control panels, transformer, PMCCS, distribution boards, generator panels, relay testing, cable laying, panel wiring and earth pits testing. A modernized infrastructure facility...
