We are manufacturer, supplier, importer and exporter of Food/Pharma/Cosmetic/Feed/Industrial grade **Active ingredients & Excipients**. These products are cost effective with best quality.

About Us

Established in the **year 1997**, we, “**Akhil Healthcare Private Limited**”, are engaged in manufacturing, wholesaling, trading, distributing, importing and exporting **Pharmaceutical Raw Material**. Due to our qualitative product range, we have acquired strong associations with many reputed pharmaceutical firms, spread across the globe. Our relations with these organizations have allowed us to cater to the exact needs of the client. These products are formulated by our vendors using superior quality raw material and advanced technology. The products, we offer are acclaimed by many clients for their high standards & purity and widely used in cosmetic, pharmaceutical and other industries.

A robust infrastructure and team of experts allow us to offer unmatched products to the customers. Our procurement agents carefully select prospective vendors after doing thorough research based on many parameters of market reputation, past projects, financial position and so on. The procured products are carefully stored at our robust warehousing unit for further processing and packaging. Once the testing phase is completed, products are packed into tamper proof and safe packaging and delivered to their destinations within the stipulated time-frame. We can also cater to the bulk requirements of our customers, if needed.

We are headed under the able guidance of our **CEO, “Mr. Manoj Shah”**, who is the main driving...
