About Us

The Alaknanda Hospital Diagnostic and Research Center is one of the oldest of its kind, it's multi speciality hospital with 100 beds of which 20 are ICU. The number of consultants has increased from the initial 32 to around 60 with 25 fully trained resident doctors, the department of nursing has 60 well nurtured nurses at any given time.

The hospital has also played an important role in serving the less fortunate section of society which was an important part of the vision of its founder.
