Alif Automation & Controls

<https://www.indiamart.com/alifautomation/>

Incepted in the year 2012, **Alif Automation & Controls** is a well established **Manufacturer, Supplier, Distributor and Trader** of **VFD Vector Drives, HMI and MMI Systems, TAIE PID Controller, AC Servo Motor, AC Drives etc.**

About Us

Incepted in the year **2012**, **Alif Automation & Controls** is a well established **Manufacturer, Supplier, Distributor** and **Trader** of **VFD Vector Drives, HMI and MMI Systems, TAIE PID Controller, AC Servo Motor, AC Drives, Stepper Systems, Programmable Logic Controller, PLC Panel, VFD Panel, Vector Control Drives, PID Digital Controller** and **Fieldbus Display**. With the use of advanced and sophisticated technology, we develop unparalleled products for various industrial applications. These are precisely devised in compact size and are largely supplied to various regions of the nation. Our business network is very wide and we supply all our products at leading market range with complete quality assurance.

We are located in Mumbai and maintain the best infrastructure which support advanced production. Our equipments are expensive and all our employees are well trained about the advanced market technologies. We frequently provide them updates which help them in designing innovative products. Our special squads of quality experts are highly experienced and support us in maintaining international standard of quality. They are responsible of testing and verifying our entire products on several aspects before dispatch. We are the optimum choice of the market and provide our unmatched varieties of products for various essential requirements. With our decent policies, client centered approaches and superior facilities, we are able...
