Allied Fire Protection

<https://www.indiamart.com/alliedfireprotection/>

We are one of the leading service providers and traders of fire extinguisher and safety equipment which are quality focused and reliable. We are also engaged in turnkey projects which are categorized under the fire protection system.

About Us

Allied Fire Protection was established in the year 2003 and we have become one of the prominent dealers of Fire Extinguisher and Safety equipments. Our range of products are highly useful in electronics, electrical, textile, automobile and food processing industries. We offer wide range of **Fire Extinguishers and Safety equipments Fire Hose Reels, Maintenance And Repair Services, Fire Fighting Equipments, Fire Fighting Products, Fire Alarms** to fulfill the clients' requirement. These products are manufactured by our vendors following the international quality standards and by using the high grade raw material. **We are looking for queries from Gurgaon only.**

We own state-of-the-art trading unit to facilitate us in offering timbre products to the customers and we are backed by our skillful employees who have vast experience in this industry and supports us in procuring the perfect products that are best suited for the customers. Our Quality Analysts checks the quality of the products from the procuring stage until the final shipment in order to scrutinize the entire range for any kind of damage. We have developed our own testing unit to which is equipped with the advanced machinery to conduct stringent quality tests on the products before delivering to the clients.

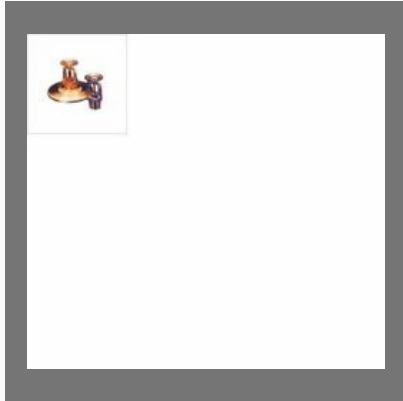

Under the guidance and supervision of our mentor and owner "**Mr. Moolchan Sharma**", who has enormous experience in the trading of Fire Extinguishers and Safety...
