About Us

Engineers play the most vital role in nation building. They create new products using best engineered technologies to make human life more comfortable, secure and productive. We are flourishing economically and are providing better lives to the people.

The essence of engineering education which has spread in India is a very positive sign not only to cater domestic needs but provide manpower to the entire world and become biggest technically trained community.

Alpha College of Engineering & Technology plays a leading role in providing quality education and careers. We have identified the needs of modern engineering, technology for modern age students. Hard work with a vision and mission accompanying transparency, accountability and accessibility keeps us in line.

We continuously study the market requirements, in conjunction with student satisfaction and parentâ€™s satisfaction without ignoring fundamental requirements of value education. Industry tie-ups leading to additional trainings, personality development, pre-placement training, knowledge management its application are areas where we have niche on our own benchmarks. Of course a strong team of highly qualified & skilled faculty and technical staff, efficient administrative staff under guidance of highly experienced quality conscious management are open secrets behind the growth and performance of our students. We have attained a leading...
