About Us

Consumers expect immediate and constant connectivity to personalized services, information and applications. Empowering customers to take control of their experiences in real time, across any channel, network, service or device requires service providers to reshape their BSS, OSS and network domains. Amdocs Customer Experience Systems redefines the service providers' operating environment by delivering real-time integration from the device to the network, removing traditional barriers to service and system convergence and enabling enriched customer experiences.

As the market leader in software and services for service providers in the communications, media and entertainment industry, Amdocs has a more than 30-year track record of ensuring service providers' success and embracing their biggest challenges. Our extensive product portfolio and wide-range of proven services enable service providers to simplify and personalize the customer experience, harness and capitalize on the data explosion, stay ahead of the competition with new digital services and improve operational efficiency.
