About Us

We are a company established in 2013 with an annual growth rate of 200% and 300 clients. We provide custom Web Application solutions ranging from ERP, Business Automation, Ecommerce to Cross platform Mobile and Desktop Application. Our core technical team are extremely passionate developers with a minimum experience of 5 years in their field. We have layers of well-trained developers which enables us to provide cost effective solutions without hampering the quality. As our motto says, "We believe in maintaining relations by meeting expectations", our success stories have always been our clients.

Since our beginning in this nation, we are working under the management and administration of our mentor **Mr. Alex George**. His exceptional business policies and enormous knowledge in this domain has helped us in becoming one of the preferred market leaders.
