# Amit Lab Equipment & Services

<https://www.indiamart.com/amitlabs/>

We are one of the leading suppliers of **Lab Equipment, Consumable and Hospital Supplies**

## About Us

Established in the year **2006** at **New Delhi**, **Amit Lab Equipment & Services** is one of the leading Manufacturer, Supplier, Exporter, Importer & Trader of **Lab equipment**. These products are sourced from well-known companies & distributed through our well established market network. The product assortment offered by us include **Pipette Tips, Medical Instruments, Lab Instruments, Centrifuge Tubes, Garbage Bags, Tissue Culture Dishes, Tissue Culture Flasks, Medical Gas Cylinders, Tissue Culture Plates, Laboratory Plasticware Racks, Sharp Containers, Serological Pipettes, Oxygen Gas Regulators, Disposable Syringes, Syringe Filters** and many more. With well spread office network all over India, we have successfully served demands of our customers. To ensure customer satisfaction, we have set stern and stringent parameters to allow only the top products into the market that our organization has to offer. Our vendors heavily scrutinize the input of raw ingredients and the final examination of finished products. We stand tall with getting contracts in bulk and dispersing supplies in given frame of time. In order to achieve smoother operations, we have separated our entire facility into numerous units that are managed by our highly qualified and skilled professionals. They work in absolute unity to help achieve numerous objectives and goals. The business operations are led by our **Mr. Amit Shah (Business Development...**
