

Amos Interior

<https://www.indiamart.com/amos-interior-design/>

Offering residence interior services, corporate interiors services etc.

About Us

Now, more than a decade, under our group company name AMOS, we have been serving a distinguished clientele, corporate as well as residential, through a remarkable range of projects in the field of Architecture, Interior Design and Building Construction. Honest and Dedicated Service, Innovation and Creativity, Space-Utilisation and Functional, Practical design solutions have been our special forte. We, at AMOS, use modern, contemporary ideas and concepts, techniques and materials in a most scientific, rational and eco-friendly way without in the least compromising on aesthetics and comfort. Ergonomics, Acoustics, Energy conservation and Space constraints are given due consideration as and when needed. Each project undertaken becomes a creative venture - a fusion of science and art, technique and beauty, needs and concepts and a plethora of fascinating, ingenious ideas. Our own team of dedicated workforce - experienced architects, engineers and skilled labours aided by full-fledged computer with in-house facilities (carpentry, glasswork, upholstery, stainless steel fabrication, spray painting) handles each project independently and efficiently from the formative stages of concept, design and plan till the final stages of execution to the complete satisfaction of an interactive client who is welcomed to participate whole-heartedly at every stage with his valued comments, suggestions and criticism.
