Manufacturer of shock absorbers, stents, electric motors & engines, front forks, thrust washers, bimetal strips and engine bearings.

## About Us

Anand Automotive Limited is a leading manufacturer of automotive components and systems in India, supplying to virtually every vehicle and engine manufacturer in the country.

With the large range of automotive components, the Group has a sales turnover of USD 700 million, targeting to achieve \$ 1 billion by 2012.

In 1961, the Group started its operations with the establishment of Gabriel India, the Group's flagship Company in Mumbai for manufacturing Shock Absorbers. Today, the Group comprises 19 companies with 44 business units spread in eight states across the country.

Its export, which currently accounts for 14% of the total sales, is targeted to reach 30% in next few years. The Group firmly believes that business is 90% people and proudly asserts its key asset to be its dedicated workforce of 7500 people. Anand lays great emphasis on the development of its employees through training, conducted by its in-house technical and management institute - Anand 'U'.
