We are one of the leading manufacturers and suppliers of a wide range of SPM machines and automation services and have been able to carve a niche in the market. We also manufacture cost effective Horizontal & Vertical machining centers.
About Us

Incepted in the year 1994, we have been a professionally managed firm engaged in manufacturing and supplying a wide range of SPM machines that are widely in demand in the domestic market.

Consolidating all our resources and technical expertise of our adept personnel, we design, develop, test, manage the project and program new machinery in our unit. Our ability to offer wide spectrum of solutions base on our design expertise makes us responsive to our client's exact requirements.

With our qualitative products and customer oriented services, we have consolidated ourselves as an extremely reliable, customer oriented company with a record of high quality products and timely delivery. Our uncompromised efforts towards customer satisfaction and adherence to corporate ethics has made possible for us to establish a strong client base across the country.
