About Us

Anayee Infotech is part of atlantis Enterprices Anayee infotech is an end-to-end IT Solutions provider and offers a wide range of services right from business process-outsourcing to implementation and technical support. With our expertise, we help customers re-engineer and re-invent their businesses and compete successfully in the ever-changing marketplace. Our experience with business processes fully complements our service spectrum, making us an enterprise-class solution provider company. Also we are the wholesalers of Ladies suits and mobile phones.

Our onsite/offshore delivery model provides significant cost savings while generating high business value for our customers. Our domain expertise, our awareness of technology trends and reduced learning curves help us to consistently provide quality solutions, exceeding client expectations. Our customer-oriented philosophy is further strengthened by a solid Account Management process and prompt customer service, that ensures healthy and long lasting ties with our customers. Our commitment to our goals has resulted in a strong and loyal customer base, providing us a continual stream of repeat business.
