About Us

Who hails from a small village in the Southern part of Tamilnadu. After my graduation and P G Diploma I enter into Capital Market in 1987 as an Independent Advisor in Financial Services. For the past two decades I have seen so many ups and downs of the Stock Market starting from Harshad Mehta Scam, Ketan Parekh scam, UTI financial crisis etc., From all the above I find Market is also like Human Behaviour. So I started observing the market in the Psychological way applying with mathematical formulae which helps me to predict the falling market in advance.

Our market is a matured market which follow the Western practices. Hence I decided to offer my services to all categories of traders and investors. I started taking classes from year 2000 about the stock market investment to people from all walks of life using 3M formula (Money, mind and method). Identifying the market pulse with my expertise is the key parameter. My interactive programs about stock market, insurance etc., are frequently broadcasted live in a few Tamil TV channels. In magazines like Kumudam, Naanayam Vikatan etc., I write about stock market investments.
