**Anjani Shipping Agency** makes it easier to book the shipment, consignment tracking, consolidation, custom clearance and other documentation handling.

## About Us

**Anjani Shipping Agency** makes it easier to book the shipment, consignment tracking, consolidation, custom clearance and other documentation handling. When you choose ANJANI SHIPPING for your logistics needs, you choose the best. Whether it is sea or air, we ensure that your cargo is moved and delivered safely and in the prescribed time frame. We keep a close watch on the deliverables at all times. Our freight forwarding services are wide spread amongst the influential cities within India. ANJANI SHIPPING is a world class supply chain manager and transportation provider. Most of the very dominant industries consider logistics as a critical business activity which influences the day to day revenue generation in any company. Feeder offers top notch freight forwarding, cargo handling and warehousing solutions to its customers worldwide. Logistics in itself follows a complicated framework which makes it difficult for anyone and everyone to survive in this industry. Feeder is not just anyone and definitely not as common as everyone. Its ideologies are independent, its practices are sophisticated and its quality is pure. ANJANI combines its services with the customer requirements to custom design specific solutions for its clients. Once you find Feeder, you stop looking.
