About Us

Ansaldo STS is a leading technology company listed on the Milan stock exchange and operating in the global Railway & Mass Transit Transportation Systems business with the provision of traffic management, planning, train control and signalling systems and services. It acts as lead contractor and turnkey provider on major projects worldwide.

The activities of the company are organized in two business units: Signalling & Transportation Solutions.

Ansaldo STS is headquartered in Genoa, Italy, and employs over 4,200 people in 28 different countries.
Its revenues reached € 1,106 M, with a gross operating margin of € 118 M and net profits of €77.6M.

Business Lines:

High Speed
Ansaldo STS has applied its signalling systems to over 50 % of all High Speed lines worldwide* and is undisputed leader in ERTMS level 2, the most advanced High Speed signalling system today.

Main Lines & Freight
Ansaldo STS provides full-service capabilities to large railway networks like India, France, Italy and the US. It supplies systems for new lines being built in fast developing countries such as China and Australia. In Europe the company is central to upgrading towards ERTMS, leading to the interoperability of differing country networks.

Mass Transit & Light Rail
Ansaldo STS is proud of being the company which built world’s first steel wheel driverless Cenelec compliant (automatic...
