## About Us

Established in **2015 Antara Infratech** has come up as well-established IT Infrastructure Solutions and Service provider company in India. Our entire series of products are highly appreciate for their precise design, longer service life, easy usage, robust construction, less maintenance and optimum functioning. With our focus to ensure the mentioned features, we make sure these are developed using high grade basic material and advance technology. We source our products from trusted vendors present in the market. Our qualified employees frequently visit the manufacturing unit to verify with the production process. **We also provide the services of WIFI Hotspot Solution.** Under the supervision of our mentor **Mr. Pradeep Kumar the Head- Operations** of the firm we have gained huge customers' base. His business dealing ability has helped us to work in an organized and timely manner.
