## About Us

Antech Info Solution, established in the year 2011. We are offering our client an excellent quality range of Computer Accessories. These computer Accessories offered are of some of the leading brand that exists in the market. Our accessories are checked, tested and come with warranty. Our vendors manufacture these accessories using quality proven components and high-end technology. These Computer Accessories are highly appreciated for longer service life, perfect finish and high performance. These are precisely made in compliance with set norms and standards using ultra modern machines, tested parts and sophisticated techniques. These are procured from reliable sources and cross checked for their high functionality & utility at our premises.
