## About Us

**Anushka Group**, incepted in 2003, provide a supreme quality range of **Water Pump Systems** and **Maintenance Services in Pune**. For maintaining quality of our pumps, we take all necessary efforts and these products are having great efficiency. By providing a vast range of products, we have gained around US\$ 0.25 million turnover. These products are highly acknowledged for their durability and excellent functionality. Being a renowned service provider and wholesaler, we provide a durable range of water pump systems. We offer these pumps under the strict supervision of our experienced professionals and these pumps offer for various associations including Laxmi, Lada, Padmansha and many others. Our products are used for various water supplying purposes in building apartments. We offer these services with the help of various machines and sophisticated technologies. These pumps are available in various specifications in terms of sizes, shapes and designs. Our products are offered in compliance with the international quality norms. Moreover, we also have a team of dedicated professionals, who helps us in offering these products with brilliant quality. Today, we become a well-known service provider of water pumps systems, which are used in various sectors. These products are offered in a cost effective manner to our clients and our company offers these products for the complete satisfaction of our clients. Other than these, we also...
