AP Motronix Private Limited

<https://www.indiamart.com/ap-motronix-hyderabad/>

We are known as the distinguished manufacturer and supplier of superior quality Engineering Products including Electric Motors, Actuators & Industrial Job Services. These products are known for high efficiency, easy operations & installation.

About Us

Established in the year **1985**, at Hyderabad, Andhra Pradesh, India, “**AP Motronix Private Limited**” are engaged in manufacturing and supplying of a qualitative range of **Engineering Products**. Our offered range includes **Boiler Parts, Industrial Geared Motors, Control Valve Actuators, Electric Actuators, Geared Servo Motors, Stepper Motors, Modulating Motors/System/Mechanism, Solenoids** and **Torque Synchronos**.

We also manufacture defense related **Electro-Mechanical Actuators** for **ADA (Aeronautical Development Agency)**, an independent organization aimed to indigenize high technology defense products and **RCI (Research Center Imarat)**. **APM caters both private and public limited companies**.

We are backed by an experienced team of professionals that work in close coordination with each other, to accomplish common organizational goals. Our researchers conduct extensive market research, which helps us to upgrade our existing product range and design an improved range of **Engineering Products & Industry Job Services**.

These researchers also perform parallel R&D activities with **HAL, NAL, DRDL, BDL** and other **Public Sector Companies**. With the help of our professionals, we are able to design, develop and manufacture **Three Phase Induction Motors** for driving the Main Fuel Pump Booster in Light Combat Aircrafts (Tejas). In addition to this, we can also design,...
