## About Us

APC Pet's Speciality Clinic & Referral Care which has become a brand name in the field of Pet's Speciality in a very short span of time. It's foundation was laid by Dr. Aparajita Chakraborty keeping in mind the needs of the pet's and there owners while she was practicing in Kolkata for many years. It has been felt by her that there is not even a single clinic providing 24 hrs health care and the pet owners have a hard time looking for emergency Clinic's and many pets die an untimely death due to lack of proper facility in the field of emergency & critical care. It was then realised by Dr. Aparajita Chakraborty that the owners of the pets had to spend unnecessary time for the treatment of there pets because not even a single clinic was providing all the facilities under one roof.
