## About Us

Established in the year **2018**, we, "**Apex Hvac Engineers**" are one of the renowned **Wholesale Trader** of an extended collection of **Air Conditioners**. We are offering a complete range of Cassette Air Conditioner, Duct Air Conditioner, Split Air Conditioner, VRV System and VRF System. Offered products are made at our vendor's well-equipped infrastructure unit. These products are admired for their easy to use, strong construction, user-friendly installation, and long life.

Our infrastructure unit is facilitated quality testing units of the procured air handling units, to make sure that these meet the industry quality standards. We have a team of professionals. Additionally, their knowledge had helped us to mark a famous name in this domain. Also, we offer these air handling units to our clients at the very pocket-friendly and reasonable rates.

Our mentor, **Mr. Abdul Faiz**, is instrumental in our success in this domain. His sharp knowledge has enabled us to garner a huge clientele
