About Us

The Apollo Institute of Technology has been established primarily in response to ever growing needs of the technical man power in core and manufacturing industries and information technology. Today with the growth of Indian economy the demand of Technical Professionals has also hiked. Keeping in mind the present scenario of Indian Industries, we are trying to complete the due requirement of professionals in the area of computer science, information technology, mechanical engineering, civil engineering & electronics & communication etc. Furthermore with the ever expanding communication network, professionals will be in great demands in electrical & electronics.

We plan to start biotechnology, environmental science and pharmacy in the near future. The technical personnel in these disciplines will be in great demand henceforth. In order to get roaring success in modern industries efficiently a degree in the business administration is must. A degree program in master of computer application (MCA) is also planned in coming year.

Institute

The institute is located at the outskirts of the industrial city Kanpur in Uttar Pradesh on the main highway (G.T.Road) connecting Kanpur to Allahabad city. It is approximately 18 km. from Ramadevi and 25km. from the Kanpur Central Railway Station. The airport at chakeri is approximately 12km. from the campus. The city buses and three-wheelers are available from the city centre (Bada Chauraha) and...
