About Us

We are a reputed organization located in Roorkee (India) as a manufacturer and exporter of complete range of brass/aluminium/wood Nautical reproduction items. Our products are designed in such a way that it appeals to the senses, heart and mind of the customers.

Our products 'stand apart in every aspect' as the company vouches for the quality, finish and designs. Right from the production to the finishing stage the quality assurance department keep strict vigil on the quality of products delivered. The company also employs a highly skilled team of designers who carefully scrutinizes each designs, before going to production.

If you are the kind who wants to buy all kinds of nautical reproduction items at one place, the A. P. S. Enterprises (India) could be a final destination, as the choice provided by the company is fairly large. In additional to our existing range, new designs are added as per the demand and specific requirements of buyers at regular intervals. As far as the pricing goes, it has been kept within your budget.

The company is already catering to a large clientele based in U.S.A., U.K, New Zealand, Australia, Canada, Denmark, The Netherlands, France, Bahrain, Germany, Italy, Greece and various other parts of the globe. The company believes in serving its customers better in all possible ways, by providing personalised services, customer assistance round the clock and instant communication. The company also has the facility to...
