## About Us

Arihant Enterprises is a leading manufacturer of Nickel plated steel wire and leading wires used in Lamp manufacturing. Headquartered in Jaipur, India, Arihant boasts of a state-of-the-art manufacturing facility producing World Class products, at competitive prices to cater to the diverse and continuously changing needs of its customers. Arihant has sales in all major markets across India and aims at continuously expanding its bandwidth by adding new regions and customers. Arihant has invested heavily in product development and process innovation to create its leading position in the niche-field of Nickel based alloys. Arihant manufacturing unit possesses a fully integrated production infrastructure from wire drawing to final packaging stage; lead by a highly qualified team of engineers, supervisors and operators. With its vision to become the best in class, the quality control team at Arihant ensures that products and processes meet the best standards of the industry. Arihant supports all its clients with an efficient logistic process to ensure in-time delivery of their ordered products and services.

**Our Philosophy** We do not purchase machines from outside. We have built each machine in house. This leads to a high capability to understand the machines and complete control on the quality of output of the material. Due to our through knowledge of machine building and maintenance we have been able to keep the machines always in working condition with the...
