With our rich industry experience, we are engaged in Manufacturing and Supplying of Rubber Rollers and Rubber Molded Products. Our products are cherished by esteemed clients for Overall Product Life & Innovation in Engineering.

## About Us

We “**Arihant Polymer Industries**” are renowned as a leading name engaged in Manufacturing and Supplying of a wide gamut of High quality Rubber Rollers and Rubber Molded Products. We have been also manufacturing vast range of PU Cast Rollers/Products and Rubber Compound as part activities of sister companies.

Products are manufactured from Silicone, Viton, Natural, Neoprene, Nitrile, EPDM, Hyplon, Polyurethane (PU) Cast & Rubber, HNBR, XNBR, SBR, Butyl and other synthetic polymer based on technical specification and application of products.

We are specialized in product development based on your custom requirements to serve you as value added partner to your growth. Rubber & PU products are manufactured using premium grade raw materials which are in compliance with set industry standard. These are developed under strict quality measures using cutting-edge technology. Bestowed with the features like sturdy construction, precision engineering, superior quality, reliable performance, efficient output and high durability, our offered products have gained huge appreciation by clients.

We started with limited resources at small scale to cater limited customers & products in year 1996 at Ahmedabad, Gujarat. Things went smoothly as planned & we kept on increasing our product range and number of customers. We were able to achieve remarkable position in short period of time in industry, our successful journey started &...
