About Us

Ashraf Glass Company was established in the year 2015. We are Trader and Supplier of Toughened Sight Glass, Industrial Toughened Glass, Flat Toughened Glass etc. These are extensively recommended by various numbers of clients owing to its easy fittings, easy maintenance and longer functional life. Following the demands of clients, we offer these Tempered Glasses in various attractive designs, finish and colors.

These glass is made by heating flat glass to just below its softening temperature and suddenly chilling it with jets of cold air. It results the outer skins under powerful compressive stress and the interior with severe tensile stress. In consequence, the impact applied to the glass will be overcome by the compressional stress on the surfaces to assure safety of use.
