About Us

“ASSA ABLOY, as the global leader in door opening solutions, is dedicated to satisfying end-user needs for security, safety and convenience. Since its formation in 1994, ASSA ABLOY has grown from a regional company to an international group with 47,000 employees, sales around SEK 71 billion (around SGD 11.5 billion) and operations in over 70 countries. ASSA ABLOY offers a more complete range of door opening solutions than any other company in the market.” **Trusted every day** Since 1840 we have protected homes and peace of mind. Our story started in small lockshop in US when Linus Yale created his first lock innovation. We have evolved together with people and society from a mechanical innovator to driving the evolution of connected, smart locks and homes. Our brand stands on the solid ground of trust, knowledge and heritage; making durable, quality products. That is why we still exist today and in more than 120 markets.
