About Us

Mallanna is the Co-Promoter and Managing Director of Assetz Lifestyle, an Assetz Property Group Company (APG). Assetz Lifestyle is a business engaged in development of multiple large scale residential communities. Assetz Lifestyle has secured \$150 million funding from Equis Funds Group, Singapore to develop required infrastructure for large scale residential communities developments. Assetz Lifestyle envisages to develop 15 million square feet of residential apartments in the next 5 years. He is widely recognised for his contribution in shaping up APG's residential development business which now has 9 million sft of residential portfolio. Before his role as COO and Executive Director at APG held senior positions at Karle Infra Projects, Bagmane Developers in India and AECOM, MHMP Canada where his result oriented work on a consistent basis has translated into multiplied values and wealth creation worth more than a billion dollars. He has under his belt the credit for successful development and delivery of 4 million square feet of residential as well as commercial and 10 million square feet of mixed-use properties. At Assetz Lifestyle, Mallanna's direction is imperative in unifying and harmonizing the efforts and resources of all entities across the organization structure towards consciously achieving the company's objectives. He is a strong hands-on business leader. Besides solid engineering and management education, Mallanna's extensive management...
