About Us

Aster was established in the year 1998, with an objective to provide complete turnkey solutions from the Network Planning, Design through the Operation & Maintenance for telecom networks. It now offers a wide range of services and products for telecom networks. Focus on quality, on time delivery and cost control have enabled us to reach where we are today, in our 13 year journey as an organization. We have presence across India and our international footprint extends to Asia, Middle East and Africa regions. We are a company that believes and lives by people empowerment and respect for each member of our team.
