We are a well-known **Manufacturers and Supplier** of highly qualitative **Wooden Pallets**. These are highly acclaimed for their exceptional quality.

## About Us

Established in the year **1996** at **Delhi**, we, **Astik (India) Private Limited**, are one of the prominent **Manufacturers and Supplier** of quality **Wooden Pallets, Wooden Packaging Box and Wooden Crate**. These are widely used by many industries for the packaging of their export consignments. These are manufactured using quality wood in compliance with industrial quality guidelines. Most packaging materials are made using raw wood, which is prone to becoming pest-infested within a short time period. The secretariat of IPPC, in an attempt to control the spread of pests by various wooden packaging materials, appointed a panel of experts to come up with an effective solution to address the issue. The focus was on the preparation of appropriate standards to identify the approved measures that lead to the reduction in the spread of pests as well as prepare appropriate standards for the same.

Soon after, in the year 2002, the FOAs' interim commission on phytosanitary measures adopted the International Standard for Phytosanitary Measures, which was aptly termed "Guidelines for Regulating Wood Packaging Material in the International Trade". The approved measures involved the **Heat Treatment** of wood packaging, which required heating timber to a minimum core temperature of 56 degrees C for Minimum 30 Minutes. The second procedure involves **Fumigation**, which is done using Methyl Bromide to the...
