Manufacturer of seat belt systems, night vision systems, electronic control systems, pyrotechnic airbag inflators systems, electrical initiators systems, steering wheels systems, stored gas airbag inflators systems etc.

About Us

For 60 years, Autoliv has focused on one very important issue: saving lives. Our innovative products save 25,000 lives every year and prevent 10 times as many injuries. We are first and foremost a safety technology company. In the world of automotive occupant safety, we were the first to introduce the two- and three-point seat belt system and airbags for front and side impacts. We were also the first to launch pyrotechnic belt pretensioners and pedestrian protection systems. Meeting real-world customer needs with a wide range of products and systems has helped us become the clear market leader in automotive safety.
