Avantech Engineering Consortium Pvt. Ltd. aims to become the most reliable providers of innovative technologies for our customers by consistently offering better solutions to improve productivity and competitiveness.
About Us

Established in the year 2008, at Delhi (India), we, “Avantech Engineering Consortium Pvt. Ltd.”, are recognized as the leading Manufacturer, Trader and Service Provider of superior quality array of Advanced Test Systems for Research and Material Testing, Concrete Cutting Systems, Light Construction Equipment and provide Services for Analytical Software. These products are procured from some of the licensed and reliable vendors of the market, who manufacture the entire assortment in adherence with the defined industry standards. They use high grade raw material and technically advanced methodologies for the production of these products. Our products are extensively appreciated by the clients for their compact design, easy to use & install, extended durability, low maintenance and high efficiency. In addition to this, we offer these products & services at most acceptable price range. Our experienced team of procurement agents thoroughly analyzes market reputation, ability to meet bulk & urgent orders of clients, delivery schedules, quality standards, etc. before selecting our reliable vendors. Backed by hi-tech manufacturing facilities, our vendors fabricate these products in accordance with the set universal norms to ensure that these are unmatched in quality. Our strong business associations with our trustworthy vendors empower us to meet the large-scale consignments of clients in the most economical...

SOIL & ROCK LABORATORY TEST SYSTEMS

Large Size Soil Triaxial Test Apparatus

Servo Controlled Simple Shear Testing System

Cyclic Soil Triaxial Load Frame

Soil Water Characteristic Cell
ASPHALT TESTING SYSTEM

Pressure Aging Vessel

Direct Shear Testing System for Asphalt

Resilient Modulus Testing System

Direct Shear Testing System for Asphalt
MATERIAL TESTING LABS & SERVICES

Flexible Wall Permeability Cell

Rapid Triaxial Rock Testing System

Rock Triaxial Testing System

Hollow Cylinder Apparatus
CONCRETE NDT TEST EQUIPMENT

Half Cell Potentiometer Test

Rebound Hammer

Crack Monitoring Device

Rapid Chloride Permeability Test System
CONSTRUCTION MATERIALS TESTING EQUIPMENT

Light Weight Deflectometer

Sonic Integrity Testing Of Concrete Piles

Static Cone Penetrometers

Falling Weight Deflectometer (FWD)
CONCRETE NDT SERVICES

Concrete NDT Services

Corrosion Analyses

Concrete NDT Services

Concrete Insitu Strength Testing
CONCRETE TESTING EQUIPMENT

- EyeCon Concrete Testing Equipment
- Concrete Beam Tester
- Concrete Maturity Meter
- Rapid Freeze Thaw Cabinet
ADVANCED SOIL & ROCK LABORATORY TEST SYSTEMS

- Resonant Column Torsional Shear Test Apparatus
- Triaxial Rock Testing System
- Unsaturated Soil Testing System
- Unsaturated Soil Volume Change Device
OTHER PRODUCTS:

- Soil Deformation Device
- Hobart Mixer for Asphalt Mixes
- Controlled Gradient Consolidation Apparatus
- Ultrasonic Velocity Test System
OTHER PRODUCTS:

Non Nuclear Density Gauge for Soil

CAPO Test Services

Linear Traverse Machine

Servo Hydraulic Cyclic Triaxial Test System
