About Us

We, **Genex Corporate Solutions Private Limited**, are service providers in a very crucial sector of the economy. With the country's liberalization of economic policies, doors were thrown open to foreign investments. Historically India has been a land of opportunities. With liberalization, number of foreign entities wanted to savor a piece of the pie. Setting up business in India became a cash cow proposition both for the investor and the host country. But opportunities also have their responsibilities. Formation of business, involves intricate nerve racking formalities. It is at this juncture that our services acquire such significance. Once a client comes to us he can rest assure that he is in safe hands. To start with we have tremendous knowledge of business opportunities and rapport with business houses in the country. Since our inception in the year, **2000** we have been providing genuine services in this vital area. The deep seated expertise and proficiency of our team in legal matters, country's company law, knowledge of taxation policy, labor law and various other matters leverage prospective investors to get access to the country's promising business environment. Our basket of services offer critical solutions to clients for their genuine investment plans. Our seminal services have created productive business ventures, given wings to those genuinely wanting to take off the ground and make a mark for themselves and take advantage of...
