About Us

Ayeqtech Manufacturers & Retailers LLP (abbreviated as **AMR**) is a manufacturing company based in Kolkata, India, where human ingenuity and technology converge to create objects of art par excellence. It was created from the amalgamation of two core ideas – “manufacturing world-class products in our own country” and “providing our customers with something that is not only exclusive but also gives a lasting value“. Hence, we embarked on this journey of creating unique and personalized products made out of solid wood and wood derivatives as well as various other types of materials like glass, acrylic, metals, ceramic, etc. so that every product of ours embodies a unique blend of human emotions and technical expertise. We specialize in manufacturing high-quality customized gift items and furniture with a special focus on wood-based items using precision tools and superior craftsmanship so that each of our products is not only chic but can also stand the test of time. Therefore, we only use the finest quality indigenous and imported solid hardwood and wood derivatives and machine each piece with grace, elegance, and craftsmanship. From the beginning of the wood selection process to the final hand-rubbing after the finish coat, attention is paid to every detail. The result is a timeless classic that you will cherish for the years to come. Our fascinating product line encompasses a wide range of items that include clocks,...
