Graphite blocks.

Graphite plunger.

All pneumatic machinery and spares.

About Us

Established in the year 2004, Balaji Engineering works, located at Jaipur, is a sole proprietorship business firm that is known as one of the renowned manufacturers and suppliers of a wide gamut of Industrial Hydraulic Equipments. The broad array of these equipments includes; Cold Press Dies, Cold Pressing Die, Power Packs, Bus Body Parts Hydraulic Cylinder, Industrial Spares, Mirror clamp and others. Apart from these, we also offer reliable and highly consistent customization services to our customers.

We have with us state-of-the-art manufacturing unit, which assist us in catering bulk requirements of our clients. Moreover, we are backed by experienced professionals who are highly competent and are able to comprehend the current industrial trends. Our equipments are manufactured using modern fabrication methodologies and using quality raw material thereby assuring precise designing, dimensional accuracy and frictionless functioning. Further, these equipments finds tremendous applicability in various fields including metal industry, diamond embellishing units, automobile and a number of others.

Being the client centric business unit, quality has always been our priority while dealing with our diversified clientèle. Since procurement till final dispatch of our products, a series of stringent quality tests are conducted by our experienced professionals in order to deliver quality products to the clients. Further, we have always maintained...
