About Us

Established in the year **2002**, we, "**Bansal Poles Private Limited**", are an **ISO 9001:2008** certified organization engaged in manufacturing, supplying and exporting durable and robust array of **MS & GI Pipes & Tubes**. These products are precisely engineered by our professionals using optimum quality steel and modern machines, coupled with latest techniques and methodologies. Our offered product range is widely appreciated for corrosion resistance, accurate dimensions, sturdy construction and long service life. We have built a capacious and well-developed infrastructure at **Bahadurgarh** (Haryana), which allows us to carry out our business activities in an efficient manner. This establishment is managed by a qualified and experienced team of professionals, which holds cognizance with the intricacies of this domain. They make sure that all the products are in compliance with international standards of quality and delivered at the customer's end within predetermined time span. Due our strict quality measures and dedication to serve our clients, we have been honored with different certifications from numerous reckoned associations such as **SNAS, IAF, Societa Mediterranea Certificazioni (SMC)**. Further, to enhance the quality of the products and productivity, we are in process to establish a sophisticated galvanizing plant / GI Section in our organization. We have attained an enviable position for ourselves in...
